

JAR/SRY

September 2009

Dear Parent/Carer

GCSE Coursework and Modular Examinations

Your son/daughter recently commenced studying for their GCSE examinations. The students will take the majority of their public examinations in May and June 2011.

During Year 10 some students may be working towards completion of coursework some of which will count towards their final GCSE mark. The amount of coursework will be determined by the subject choices students have made.

In Year 10 all students take Modular Science Examinations. The dates for the exams are:-

THURSDAY	19 November 2009
WEDNESDAY	3 March 2010
MONDAY	28 June 2010

To help students maximise their performance in the exams please ensure that you do not book any holiday prior to these dates.

Accompanying this letter are the regulations concerning coursework and regulations for conduct in examinations. All staff and Year 10 tutors will endeavour to ensure that our students are familiar with these regulations. It is a requirement for candidates to receive official notification in the format attached.

Yours sincerely

J A Russell (Mrs)
Director of Qualifications & Achievements
